

Day 1 - Thursday, 6 September 2018		
Time	Topic	Speaker
8:00-9:00	Registration, Poster Setup	
Opening Ceremony & Session I: Stem cell therapy in CNS disorders		Moderators: tba
9:00-9:20	Local address University Hospital Berne	Uwe Jocham (President of the Board of Directors, University Hospital Berne) / Christian Leumann (Rector University of Berne)
9:20-9:30	IPLASS President Welcome Address	Ornella Parolini (Catholic University of the Sacred Heart Rome, Italy)
9:30-10:00	Therapeutic applications of placenta-derived stem cells in CNS disorders	Cesario Borlongan (University of South Florida, Tampa FL, USA)
10:00-10:30	Stem cell transplantation for the regeneration after hypoxic-ischemic brain injuries	Raphael Guzman (University of Basel, Switzerland)
10:30-11:00	Coffee Break	
Session II: The road to clinical applications		Moderators: tba
11:00-11:30	(Presentation title tba)	Racheli Ofir (Pluristem Therapeutics Inc., Haifa, Israel)
11:30-12:00	(Presentation title tba)	Grazia Nicoloso (Swiss Red Cross Blood Donor Service)
12:00-12:15	Oral Presentation selected from submitted abstracts	Selected Speaker
12:15-12:30	Oral Presentation selected from submitted abstracts	Selected Speaker
12:30-13:45	Lunch Break	
13:00-13:45	IPLASS Board Meeting	Board of Directors, Council Members
Session III: Placenta Stem Cells in Disease and Regeneration		Moderators: tba
13:45-14:00	Amniotic epithelial cells in liver regeneration	Fabio Marongiu (University of Cagliari, Italy)
14:00-14:15	Placenta tissue and bone repair: current state and perspectives	Florelle Gindraux (University Hospital Besançon, France)
14:15-14:30	Oral Presentation selected from submitted abstracts	Selected Speaker
14:30-15:15	Oral Presentation selected from submitted abstracts	Selected Speaker
15:15-15:45	Coffee Break	
Session IV: Placenta Stem Cells in Disease and Regeneration		Moderators: tba
15:45-16:15	The role of inflammation in regenerative medicine: lessons learned from the placenta	Ornella Parolini (Catholic University of the Sacred Heart Rome, Italy)
16:15-16:30	Oral Presentation selected from submitted abstracts	Selected Speaker
16:30-16:45	Oral Presentation selected from submitted abstracts	Selected Speaker
16:45-17:00	Short Break	
17:00-18:30	IPLASS General Assembly and Elections	
20:00	Dinner	

Day 2 - Friday, 7 September 2018		
Time	Topic	Speaker
Session V: The Paracrine Effect: Extracellular Vesicles and Epigenetics		Moderators: tba
8:00-8:30	Human Amniotic Fluid Stem Cell-Extracellular Vesicles as a Powerful Paracrine Tool For Endogenous Repair and Regeneration	Sveva Bollini (University of Genova, Italy)
8:30-9:00	Amnion Epithelial Cell-Derived Exosomes Restrict Lung Injury and Enhance Endogenous Lung Repair (Title tba)	Rebecca Lim (Monash University, Clayton VIC, Australia)
9:00-9:30	Microvesicles from equine amniotic-derived MSC in inflammation	Anna Lange-Consiglio (Università degli Studi di Milano)
9:30-9:45	Oral Presentation selected from submitted abstracts	Selected Speaker
9:45-10:00	Oral Presentation selected from submitted abstracts	Selected Speaker
10:00-10:30	Coffee Break	
Session VI: New Therapeutic Approaches & Selected Oral Presentations		Moderators: tba
10:30-11:15	Keynote Lecture: New Frontiers in Regenerative Medicine	Paolo de Coppi (University College London, UK)
11:15-12:00	Oral Presentation selected from submitted abstracts	Selected Speaker
12:00-12:15	Oral Presentation selected from submitted abstracts	Selected Speaker
12:50-12:30	Oral Presentation selected from submitted abstracts	Selected Speaker
12:00-13:45	Lunch Break & Poster Session	
12:45-13:45	Board Meeting	Board of Directors, Council Members
Session VII: Swiss TCBM Platform for Translational and Clinical Bio-Manufacturing		Moderators: Eline Müller, Steffen Zeisberger
13:45-14:15	Genome editing for therapeutic applications in human stem cells	Gerald Schwank (ETH Zurich, Switzerland)
14:15-14:45	Stem cell therapies for Cornea and Skin	Michele de Luca (University of Modena and Reggio Emilia)
14:45-14:55	From the nose to the knee: engineered nasal cartilage for articular cartilage repair	Ivan Martin (University of Basel, Switzerland)
14:55-15:05	Current and Perspective Clinical iPSC and ESC Applications at Swiss Institute of Cell Therapies (SICT) and Worldwide	Marisa Jaconi (University of Geneva, Switzerland)
15:05-15:15	Official launch of the Platform for Translational and Clinical Bio-Manufacturing (TCBM)	Eliane Müller (University Hospital Bern & University of Bern) / Steffen M. Zeisberger (University of Zurich, Switzerland)
15:15-15:20	Medical Faculty & SCRMB Strategic Board: closing remarks	tba
15:20-15:50	Coffee Break & TCBM Aperitif reception	
Award Ceremony & Closing remarks		
15:50-16:05	Best Oral and Poster Presentation Award Ceremony	Poster Award Committee
16:05-16:50	Closing remarks	Organizers, Cesario Borlongan
